Fortifeye® Super Omega-3 MAX

Fortifeye Super Omega 3 MAX has been developed after years and years of research. This is one of the most potent and purest omega 3 fish oils available in the world today. This omega 3 supplement is purified and concentrated in a state of the art facility in Norway. This new technology allows for more EPA and DHA in the same size capsule as the original Fortifeye Super Omega. This new omega 3 max will allow for much better compliance since the high dosage of omega three can be delivered with less capsules. Fortifeye Super Omega MAX will be 50% more potent than Fortifeye Super Omega and retails for only \$35. This new omega is more concentrated and less expensive than most competitors. Emerging science is proving the need for at least 1000 mg of EPA and high dosing of DHA (500-900) is necessary to help many health issues that effect the eyes, heart, brain, skin, joints, muscles and much more. Fortifeye super omega 3 Max has 1200 mg of EPA and 900 mg of DHA per dosage!! Start to gain the amazing health benefits of the correct form of omega 3. Order Fortifeye Super Omega Max today. This new formulation of omega 3 will also be beneficial to athletes especially when combined with the Fortifeye Fit.
